DISCLAIMER

This document has been prepared solely for the purpose of providing U.K. and Dutch investors with certain information under Article 23 of the European Alternative Investment Fund Managers Directive (European Directive 2011/61/EU) (the "AIFMD") as implemented in their respective jurisdictions. Accordingly, you should not use this document for any other purpose.

Netherlands

The units of Nippon Accommodations Fund Inc. ("NAF" or the "AIF") are being marketed in the Netherlands under Section 1:13b of the Dutch Financial Supervision Act (Wet op het financieel toezicht, or the "Wft"). In accordance with this provision, Mitsui Fudosan Accommodations Fund Management Co., Ltd. (the "AIFM") has submitted a notification with the Dutch Authority for the Financial Markets. The units of NAF will not, directly or indirectly, be offered, sold, transferred or delivered in the Netherlands, except to or by individuals or entities that are qualified investors (gekwalificeerde beleggers) within the meaning of Article 1:1 of the Wft, and as a consequence neither the AIFM nor NAF is subject to the license requirement pursuant to the Wft. Consequently, neither the AIFM nor NAF is subject to supervision of the Dutch Central Bank (De Nederlandsche Bank, "DNB") or the Netherlands Authority for Financial Markets (Autoriteit Financiële Markten, the "AFM") and this Article 23 AIFMD Prospectus is not subject to approval by the AFM. No approved prospectus is required to be published in the Netherlands pursuant to Article 3 of the Regulation (EU) 2017/1129 (the "Prospectus Regulation") as amended and applicable in the Netherlands. The AIFM is therefore solely subject to limited ongoing regulatory requirements as referred to in Article 42 of the AIFMD.

United Kingdom

The units of NAF are being marketed in the United Kingdom pursuant to Article 59 of the United Kingdom Alternative Investment Fund Managers Regulations 2013. In accordance with this provision, the AIFM has submitted a notification with the Financial Conduct Authority (the "FCA") in the United Kingdom.

For the purposes of the United Kingdom Financial Services and Markets Act 2000 ("FSMA") NAF is an unregulated collective investment scheme which has not been authorized by the FCA.

Accordingly, any communication of an invitation or inducement to invest in NAF may be made to persons in the United Kingdom only if the communication falls within one or more of the categories of exempt financial promotions under the Financial Services and Markets Act (Financial Promotion) Order 2005 (the "Order"), such as financial promotions communicated to:

- (1) persons who are investment professionals, as defined in article 19(5) of the Order;
- (2) persons who are high net worth companies, unincorporated associations, or other entities listed in articles 49(2) of the Order,

or if the communication is made to persons to whom such an invitation or inducement may otherwise lawfully be communicated. The distribution of this document to any person in the United Kingdom in circumstances not falling within one of the above categories is not permitted and may contravene FSMA. No person falling outside those categories should treat this document as constituting a promotion to him, or act on it for any purposes whatever.

European Economic Area

In addition to the restrictions under the AIFMD, the units of NAF are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the "EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation, as amended. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the units of NAF or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the units of NAF, or otherwise making them available, to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Article 23 (1)(a)				
Objectives of the	Nippon Accommodations Fund Inc. ("NAF" or the "AIF") invests in "Accommodation Assets",			
AIF	which includes rental apartments, dormitories, serviced apartments, senior residences,			
	corporate housing and hotels; particularly, NAF invests in newly developed residential			
	properties created in response to ongoing social and lifestyle changes.			
	The basic policy of NAF is to maximize the value of "Accommodation Assets" by providing			
	accommodations, i.e., services that satisfy diverse tenant needs. NAF takes a medium-to-			
	long-term perspective in managing assets to secure stable earnings and steadily increase			
	assets under management.			
Investment	NAF emphasizes Greater Tokyo and other major cities in investing in Accommodation Assets.			
strategy	By region, approximately 80 percent of NAF's assets are in the 23 wards of Tokyo. NAF mostly			
	invests in large-scale properties and utilizes Mitsui Fudosan Group's value chain for its			
	investment management from planning/development to management/operation of			
	Accommodation Assets. NAF further utilizes Mitsui Fudosan Group properties and extensive			
	real estate information network to give NAF greater access to investment opportunities.			
Types of assets the	Real estate, trust beneficiary interests in real estate, real estate securities, specified assets			
AIF may invest in	and other assets.			
Techniques it may	NAF achieves its objective by investing in real estate consisting of Accommodation Assets.			
employ and all	NAF also invests in securities, beneficiary certificates representing beneficial interests in trusts			
associated risks	and other assets backed by Accommodation Assets.			
	The principal risks with respect to investment in NAF are as follows:			
	 any adverse conditions in the Japanese economy could adversely affect NAF; 			
	 NAF may not be able to acquire properties to execute the growth and investment 			
	strategy in a manner that is accretive to earnings;			
	 illiquidity in the real estate market may limit the ability to grow or adjust the 			
	portfolio;			
	the past experience of our asset manager, Mitsui Fudosan Accommodations Fund			
	Management Co., Ltd., in the Japanese real estate market is not an indicator or			
	guarantee of future results;			
	NAF's reliance on Mitsui Fudosan Group, Mitsui Fudosan Accommodations Fund			
	Management Co., Ltd. and other third service providers could have a material adverse			
	effect on business;			
	there are potential conflicts of interest between NAF and Mitsui Fudosan Group as			
	well as the AIFM;			
	 NAF's revenues largely comprise leasing revenues from the portfolio properties, 			
	which may be negatively affected by vacancies, decreases in rent, and late or missed			
	payments by tenants;			

- NAF faces significant competition in seeking tenants and it may be difficult to find replacement tenants;
- increases in prevailing market interest rates may increase interest expense and may result in a decline in the market price of NAF's units;
- NAF may suffer large losses if any of the properties incurs damage from a natural or man-made disaster;
- most of the properties in the portfolio are concentrated in Tokyo 23 wards and are residential properties;
- any inability to obtain financing for future acquisitions could adversely affect the growth of the portfolio;
- NAF's failure to satisfy a complex series of requirements pursuant to Japanese tax regulations would disqualify NAF from certain taxation benefits and significantly reduce the cash distributions to the unitholders; and

• ownership rights in some of NAF's properties may be declared invalid or limited. In addition, we are subject to the following risks:

- risks related to increasing operating costs;
- risks related to NAF's dependence on the efforts of the AIFM's key personnel;
- risks related to the restrictive covenants under debt financing arrangement;
- risks related to entering into forward commitment contracts;
- risks related to third party leasehold interests in the land underlying NAF properties;
- risks related to holding the property in the form of stratified ownership (*kubun shoyū*) interests or co-ownership interests (*kyōyū-mochibun*);
- risks related to holding the property through trust beneficiary interests;
- risks related to properties not in operation (including properties under development);
- risks related to the defective title, design, construction or other defects or problems in the properties;
- risks related to impairment losses relating to the properties;
- risks related to tenant leasehold deposits and/or security deposits;
- risks related to tenant's default as a result of financial difficulty or insolvency;
- risks related to the insolvency of master lessors;
- risks related to the insolvency of a property seller following our purchase of a property;
- risks related to relying on expert appraisals and engineering, environmental and seismic reports as well as industry and market data;
- risks related to the presence of hazardous or toxic substances in the properties, or the failure to properly remediate such substances;
- risks related to strict environmental liabilities for the properties;
- risks related to the amendment of applicable administrative laws and local ordinances;

I		
	• risks related to holding Japanese anonymous association (<i>tokumei kumiai</i>) interests;	
	 risks related to investments in trust beneficiary interests; 	
	 risks related to the tight supervision by regulatory authorities and compliance with 	
	applicable rules and regulations;	
	 risks related to tax authority disagreement with the AIFM's interpretations of the 	
	Japanese tax laws and regulations;	
	 risks related to being unable to benefit from reductions in certain real estate taxes 	
	enjoyed by qualified J-REITs; and	
	 risks related to changes in Japanese tax laws. 	
Any applicable	NAF is subject to investment restrictions under Japanese laws and regulations (e.g., the Act on	
investment	Investment Trusts and Investment Corporations (the "ITA"), the Financial Instruments and	
restrictions	Exchange Act (the "FIEA")) as well as its articles of incorporation.	
	NAF must invest primarily in specified assets as defined in the ITA. Specified assets include,	
	but are not limited to, securities, real estate, leaseholds of real estate, surface rights (<i>chijō</i> -	
	ken) (i.e., right to use land for the purpose of having a structure on it) or trust beneficiary	
	interests for securities or real estate, leaseholds of real estate or surface rights. A listed J-REIT	
	must invest substantially all of its assets in real estate, real estate-related assets and liquid	
	assets as provided by the listing requirements. Real estate in this context includes, but is not	
	limited to, real estate, leaseholds of real estate, surface rights, and trust beneficiary interests	
	for these assets, and real estate-related assets in this context include, but are not limited to,	
	anonymous association (tokumei kumiai) interests for investment in real estate. Pursuant to	
	the ITA, investment corporations may not independently develop land or construct buildings,	
	but must outsource such activities.	
Circumstances in	NAF may take out loans or issue long-term or short-term corporate bonds for the purpose of	
which the AIF may	investing in properties, conducting repairs and related work, paying cash distributions,	
use leverage	operating capital, repaying obligations (including repayment of tenant leasehold or security	
	deposits, and obligations related to loans or long-term or short-term corporate bonds) and	
	other activities.	
The types and	Loans or investment corporation bonds. Currently all of NAF's outstanding long- and short-	
sources of leverage	term loans as well as outstanding bonds are unsecured and unguaranteed.	
permitted and		
associated risks	Loans or investment corporation bonds in which NAF enters or NAF issues may be subject to	
	restrictive covenants in connection with any future indebtedness that may restrict operations	
	and limit its ability to make cash distributions to unitholders, to dispose of properties or to	
	acquire additional properties. Furthermore, if NAF were to violate such restrictive covenants,	
	such as with regard to loan-to-value ratios, lenders may be entitled to require NAF to	
	collateralize portfolio properties or demand that the entire outstanding balance be paid.	
	l.	

In the event of an increase in interest rates, to the extent that NAF has any debt with				
unhedged floating rates of interest or NAF incurs new debt, interest payments may increase,				
which in turn could reduce the amount of cash available for distributions to unitholders.				
Higher interest rates may also limit the capacity for short- and long-term borrowings, which				
would in turn limit NAF's ability to acquire properties, and could cause the market price of the				
units to decline.				
The maximum amount of each loan and corporate bond issuance is 1 trillion yen, and the				
aggregate amount of all such debt cannot exceed 1 trillion yen.				
No applicable arrangements.				
NAF has set an upper limit of 60% as a general rule for its loan-to-value, or LTV, ratio in order				
to operate with a stable financial condition. NAF may, however, temporarily exceed such				
levels as a result of property acquisitions or other events.				
Amendment of the articles of incorporation. Amendment requires a quorum of a majority of				
the total issued units and at least a two-thirds vote of the voting rights represented at the				
meeting. However, the guidelines of the AIFM, which provide more detailed policies within				
NAF's overall investment strategy and policy, can be modified without such formal				
amendment of the articles of incorporation.				
NAF is a corporate-type investment trust in the form of investment corporation (toshi hojin)				
provided for under the ITA. Therefore, the relationship between NAF and its unitholders is				
governed by NAF's articles of incorporation (as opposed to individual agreements), which can				
be amended from time to time upon resolution of a general unitholders' meeting. NAF's				
be amended from time to time upon resolution of a general unitholders' meeting. NAF's articles of incorporation stipulate rules relating to general unitholders meetings, including the

Article 23(1) (g)	
Description of the	NAF makes investment decisions based on its investment strategies and in accordance with its
AIF's valuation	articles of incorporation and based on the results of due diligence, including the valuation of
procedure and	properties and consideration of the property appraisal value.
pricing	NAF shall evaluate assets in accordance with its Article of Incorporation. The methods and
methodology,	standards that NAF uses for the evaluation of assets are based on the Regulations Concerning
including the	the Calculations of Investment Corporations, as well as the Regulations Concerning Real
methods used in	Estate Investment Trusts and Real Estate Investment Corporations and other regulations
	stipulated by ITA, in addition to Japanese GAAP. J-REITs may only use the valuation methods

valuing hard-to- value assets	prescribed in the rules of the Investment Trusts Association, Japan, which emphasize market price valuation.		
	Regarding hard to value assets, such assets comprise tenant security deposits including trust accounts. Security deposits from tenants are not subject to fair value disclosure because they are not marketable, and actual deposit period is not estimable as leases may be cancelled, renewed or re-signed even if a lease term is set in the lease contract. This makes a reasonable estimate of future cash flows difficult. Valuation of such hard to value assets is included in the notes to our financial statements.		
Article 23(1) (h)			
Description of the AIF's liquidity risk management, including redemption rights in normal and exceptional circumstances and existing redemption arrangements with investors	NAF seeks to manage the capital resources and liquidity sources to provide adequate funds for current and future financial obligations and other cash needs and acquisitions. Funds from loans and bonds are primarily used for acquiring assets and to repay interest-bearing debt. NAF manages associated liquidity and interest rate fluctuation risk in ways such as diversifying its credit sources and maturities, and by mainly using fixed-rate loans. NAF currently has commitment line contracts of ¥15,000 million with three financial institutions. The unused amount of such commitment line was ¥15,000 million as of August 31, 2019. NAF is a closed-end investment corporation, and unitholders are not entitled to request the redemption of their investment.		
Article 23(1) (i)			
Description of all fees, charges and expenses and a maximum amount which is directly / indirectly borne by the investors	 Compensation: The articles of incorporation provide that the AIF may pay its executive and supervisory officers up to 700,000 yen per month. The board of officers is responsible for determining a reasonable compensation amount for the executive officer and each of the supervisory officers. Asset Management Fee: The AIF will pay the Asset Manager an asset management fee as follows: 		
	Management Fees 1 – The amount equivalent to 5% of the amount of the revenue arising		
	from real estate, real estate-related and real estate-backed assets ("Real Estate") as calculated on each closing date (provided, however, that revenues from the sale of Real Estate and other managed assets will be excluded) will be payable.		

prior to deduction of Management Fees 1 and 2 as calculated on each closing date will be payable.

Management Fees 3 – In the event that Real Estate is newly acquired, compensation equivalent to 1 percent (0.5 percent if it is acquired from Related Parties) of the total amount of the acquisition price of said Real Estate (excluding consumption tax, local consumption tax, and acquisition costs) will be payable.

Management Fees 4 – In the event that Real Estate is sold, compensation equivalent to 1 percent (0.5 percent if it is sold to Related Parties) of the total amount of the sales price of said Real Estate (excluding consumption tax, local consumption tax) will be payable.

Management Fees 5 – In a merger with other investment corporation, if the AIFM researches and evaluates assets etc. that such other investment corporation owns and conducts other businesses related thereto and such merger comes into effect, the AIF shall pay the amount provided for in the asset management agreement, up to the amount equivalent to that obtained by multiplying the appraised price of Real Estate and Real Estate-Backed Securities at the time of the merger that such other investment corporation owns at such time by 0.5 percent.

• General Administrators Fee: The AIF will pay the General Administrators as follows: 250,000 yen per meeting for services related to the meetings of the board of officers and 5,000,000 yen per meeting for services related to the meeting of unitholders.

• Tax Services Fee: A fixed amount of 1,500,000 yen per fiscal period.

• Accounting Fee:

One-twelfth of the following in either (1) or (2) below each month:

- (1) A fixed amount of 9,500,000 yen plus 500,000 yen multiplied by the number of properties in NAF's portfolio as of June 1 and December 1 of each year.
- (2) A variable amount calculated at June 1 and December 1 of each year in accordance with the following, based on the total value of our assets:

150 billion or less

	25.5 million yen
More than 150 and 250 or less	25.5 million yen + (Total asset value – 150
	billion yen) x 0.012%
More than 250 billion	37.5 million yen + (Total asset value – 250
	billion yen) x 0.008%

• Transfer Agent Fee (Standard Fee):

Standard transfer agent fees are for services such as the preparation, maintenance and storage of NAF's unitholder register; and preparation of materials concerning end-of-period unitholder statistical data (number of unitholders, total units held, and distribution per geographic area). Monthly standard fees are determined by calculating one sixth of the total number of unitholders falling under each section as shown below. There is a minimum monthly fee of ¥200,000.

Up to 5,000	480 yen
5,001 to 10,000	420 yen
10,001 to 30,000	360 yen
30,001 to 50,000	300 yen
50,001 to 100,000	260 yen
More than 100,000	225 yen

NAF also pays certain other fees in addition to the standard fee in connection with the administration and handling of distributions (minimum of 350,000 yen per distribution) and other shareholder related functions.

• Custodian Fee: The AIF will pay the Custodian a fee for each fiscal period calculated as follows:

A maximum amount equal to the amount of total assets as indicated at the beginning of the period trial balance x 0.02%

• Auditor Fee: A fixed amount set by the board of officers of up to 20 million yen per fiscal period.

NAF also pays fees to certain service providers in connection with;

- Administration of special accounts;
- Property Management;

employed by the AIFM to manage	
those risks	Deposits are exposed to risks of failure of the financial institution holding
	the deposit and other credit risks, but such risks are controlled by striving to
	diversify the financial institutions holding the deposits.
	Funds from loans and bonds are primarily used for acquiring assets and to
	repay interest-bearing debt. NAF manages associated liquidity and interest
	rate fluctuation risk in ways such as by diversifying its credit sources and
	maturities, dispersing repayment dates, establishing committed credit lines,
	keeping sufficient liquidity in hand, and mainly using fixed-rate loans. Our
	credit line is in the amount of 15 billion yen; no amount has been drawn
	down as of August 31, 2019.
	Debt with a floating interest rate is exposed to interest rate fluctuation
	risks, but the impact that interest rate rises have on the operations is
	limited by keeping the appraisal LTV at low levels, maintaining the
	proportion of debt that is long-term fixed-rate debt at high levels, and
	setting a procurement limit depending on the economic and financial
	environment, terms of lease agreements with tenants, asset holding period
	and other factors.
	Furthermore, derivative transactions (interest rate swap transactions) are
	available as hedging instruments to mitigate the risks of rises in floating
	interest rates. NAF may enter into derivative transactions solely for the
	purpose of hedging interest rate risk. Currently, NAF is not engaged in any
	derivative transactions. NAF strives for efficiency in its funding plans and
	has an operating policy of minimizing surplus funds.

	Tenant security deposits are exposed to liquidity risk arising from vacating
	of properties by tenants due to the termination of contract.
	NAF manages this risk by monitoring forecasted cash flows on a monthly
	basis to ensure it has sufficient funds.
