# Notification Concerning Acquisition of Domestic Real Estate Properties and <u>Domestic Real Estate Trust Beneficiary Interest</u>

Nippon Accommodations Fund Inc. ("NAF") hereby provides notice of its decision regarding its acquisition of real estate properties as well as real estate trust beneficiary interest in Japan as shown below.

#### 1. Reason for acquisition

Based on the provisions for investments and policies on asset management provided in Article of Incorporation, the decision to acquire the following properties was made to ensure the steady growth of the whole portfolio, and for the diversification and further enhancement of the investment portfolio in Tokyo's 23 wards, the Tokyo metropolitan area, and regional core cities designated by government ordinance.

#### 2. Overview of acquisitions

	Name of property to be acquired	Type of property to be acquired	Acquisition price (Note 1) (Thousands of yen)	Classification of property	
Property 1	Park Axis Shin Sapporo		827,000		
Property 2	Park Axis Yokohama Idogaya		1,419,000		
Property 3	Park Axis Chiba Shinmachi		1,679,000		
Property 4	Park Axis Kamata Ichibankan		1,069,000		
Property 5	Park Axis Chiba		970,000	Rental Apartments	
Property 6	Park Axis Taito Negishi		672,000	Tromai / iparimonio	
Property 7	Park Axis Esaka Hiroshibacho		2,369,000		
Property 8	Park Axis Komagome		1,389,000		
Property 9	Park Axis Utsubo Koen		2,399,000		
Property 10	Park Axis Itabashi Honcho Nibankan	Real estate	1,859,000		
Property 11	Dormy Ashiya		928,000		
Property 12	Kawaijuku Kyoto Gakushin Ryo		991,000		
Property 13	Sundai Horikawa Ryo		916,000		
Property 14	Dormitory Rakuhoku		374,000	Other	
Property 15	Rikkyo University International Dormitory (RUID) Shiki		1,478,000	Accommodation Assets (Note 2)	
Property 16	Dormy Naka Itabashi		1,041,000		
Property 17	Philosophia Nishidai		1,249,000		
Property 18	Dormy Musashi Kosugi		1,152,000		
Property 19	v 19 Shibaura Island Air Tower Real estate		7,905,000	Rental Apartments	
	Total	30,686,000			

(Note 1) "Acquisition price" denotes the trading value (exclusive of miscellaneous expenses for acquisition, fixed property taxes, urban planning taxes, consumption taxes, and local consumption taxes) specified in the contract for the sale of real estate or sale of real estate trust beneficiary interest sales with condition precedent for the properties to be acquired.

(Note 2) "Other Accommodation Assets" include dormitories, student apartments, serviced apartments, senior residences, and corporate housing.

(1) Date of conclusion of sales contract February 10, 2011

(2) Planned dates of handover

Property 1 to Property 18 March 1, 2011 (Note)

Property 19 April 1, 2011

(3) Sellers

Property 1 to Property 10
Property 11 to Property 18
Property 19

Mitsui Fudosan Co., Ltd.
Kyoritsu Maintenance Co., Ltd.
Shibaura Island Apartments Inc.

(4) Acquisition funds Net proceeds from issuance of new investment units through the

public offering and third party allocation stated in "Notification Concerning Issuance of New Investment Units and Secondary Offering of Investment Units" released on February 10, 2011 and

borrowings.

(5) Method of payment Full payment at the time of delivery

(Note) Pursuant to the real estate sales contract with condition precedent, the planned date of handover may be changed to either March 2, 3 or 4, 2011.

#### 3. Investment in "Other Accommodation Assets"

The main part of the acquisition strategy of NAF continues to be stable acquisition of Rental Apartments. However, it will start investing in "Other Accommodation Assets", as the revenue basis of NAF has been stabilized backed by growth in portfolio size, and the investment market in "Other Accommodation Assets" excluding Rental Apartments shown below appears to have matured in some categories.

In acquiring "Other Accommodation Assets" including dormitories and corporate housing, a wide network provided by Mitsui Fudosan Co., Ltd. will be utilized.

Categories of Other Accommodation Assets	Main features
Dormitories and student apartments	Dormitories and student apartments are rental apartments mainly rented by students. In principle, NAF plans to invest in such apartments that have one room.
Serviced apartments	Serviced apartments refer to furnished rental housing that offers various services such as providing bed linen, room cleaning, and service with a reception desk. Such apartments are solely provided for short-term stays. As providing and managing these services may require an organizational body, NAF considers outsourcing their management to specialized operators in the case of acquisition of serviced apartments.
Senior residences	Senior residences are rental housing equipped with facilities for nursing care. As is the case with the serviced apartments, they require a specialized organizational body and expertise to provide nursing care services. NAF therefore considers renting the whole property to a specialized operator.
Corporate housing	Corporate housing refers to rental housing whose tenant is a corporation and the housing is sub-leased to employees of the corporation. In principle, when acquiring such housing, NAF will rent the whole unit to a corporation. NAF intends to invest in such properties which have a structure, style and features that can be managed as general rental housing and leased separately if the tenant leaves the property.

#### a. Portfolio share

In the management of its portfolio, NAF sets the upper limit of the share of "Other Accommodation Assets" in the overall portfolio as 10% (on the basis of acquisition price) for the time being.

#### b. Area strategy

NAF is to choose areas with a wide variety of demand that corresponds to the features of the properties. NAF intends to invest in properties, including "Rental Apartments" and "Other Accommodation Assets", in the 23 wards of Tokyo to account for more than 80% of its portfolio (on the basis of acquisition price).

#### c. Operation Management Strategy

NAF has selected Mitsui Fudosan Housing Lease Co., Ltd. as its master property management company in the "Rental Apartments" section, in order to maintain and improve the quality and efficiency of its operation and management business from a medium- to long-term perspective. For the "Other Accommodation Assets" section, NAF will select an appropriate management system or an operator which suits the features of the property that it acquires.

With regard to the acquisition of "dormitories" and "corporate housing" from Kyoritsu Maintenance Co., Ltd., NAF has chosen to rent a whole property to an operator in consideration of the property's management style. NAF has entered into a fixed-term building lease agreement of twenty years for each property (with fixed rent and no cancellation allowed for the first ten years) with Kyoritsu Maintenance Co., Ltd.

#### 4. Description of the properties to be acquired

- (1) Outline of the properties to be acquired
- (i) Property 1: Park Axis Shin Sapporo

Name of property to be acquired		Park Axis Shin Sapporo
Type of property to be acquired		Real estate
Acquisition price	ce (Note 1)	¥827,000 thousand
Appraisal com	pany	Daiwa Real Estate Appraisal Corporation

Buildings	Gross floor area (Note 5)	4,769.99 m <sup>2</sup>
	Ownership form	Proprietorship
	Rentable units	84 residential 1 retail etc.
	Rentable area	3,729.05 m <sup>2</sup>
Existence of security interests		None
Special affairs (Note 6)		None
		·

Special features of the property

Atsubetsu-ku, where this property is located, is in the east of Sapporo City and various recreational facilities are being developed in the area, such as shopping centers, hotels, aquariums and science museums. This is taking place based on the "Atsubetsu sub-center development basic plan" which was formulated in 1972. In addition, the property has a rich natural environment, as is represented by Nopporo Forest Park, to make it a relaxing residential area. Atsubetsu-ku has now become part of the commuter belt for Sapporo City.

This property has convenient access to public transport, located a four-minute walk from the JR Line's Shin Sapporo Station and a five-minute walk from Shin Sapporo Station on the subway line. The property also has good access to the city center, as it takes only eight minutes (by special express or rapid train) from the JR Line's Shin Sapporo Station to Sapporo Station.

The area surrounding this property has a number of stores and restaurants, so it is expected to attract single workers or DINKS households who commute to the city looking for a place to live a convenient city life with good access to the city center.

The property's acquisition price is below the investment amount NAF determined in its investment criteria (in principle 1 billion yen or more per property). Despite the acquisition price of less than 1 billion yen, the reasons for acquisition are the unique aspects of this property, and it is judged that this will contribute to further enhance the entire NAF's portfolio.

Existence of s	security interests	None
Special affairs	s (Note 6)	None
Special features of the property		This property has good access to public transport, located a three-minute walk from the Keihin Kyuko Line's Idogaya Station. It takes about seven minutes from this station to the JR Line's Yokohama Station, and about thirty-three minutes to the JR Line's Tokyo Station (by changing to the JR Tokaido Line at Yokohama Station). This means the property has good access to both the prefecture's center and Tokyo city center. As it is also a twelve-minute walk from the property to the Yokohama Municipal Subway's Maita Station, there are stations for two different lines within walking distance. There are commercial facilities such as Maruetsu near the station and the property is expected to attract single workers who work in the prefecture looking for a convenient area, as well as those who commute to Tokyo.

Special affairs (Note 6)  Special features of the property		This property has good access to public transport, being a five-minute walk from the JR Line's Chiba Station. It takes about forty-five minutes from this station to the JR Line's Tokyo Station (by rapid train), and the area has good access to various cities in Chiba Prefecture, not only with the JR Lines, but also with the Keisei Dentetsu Chiba Line, and Chiba Urban Monorail.  The area surrounding the JR Line's Chiba Station is a central area of the administration and economy of the prefecture and has a concentration of commercial facilities such as department stores, household appliance mass retailers, and different kind of restaurants. There are also offices of large enterprises, making it a busy area.  This property is equipped with automatically lockable doors, interphones with a color TV monitor, delivery lockers, BS and CS antennas, bathroom dryers, shower toilets, air conditioners and so on, which makes it ideal for single workers who work in the prefecture looking for a residential environment both convenient and comfortable, as well as people who commute to Tokyo that would be putative tenants of this property.

Special features of the property		This property is an eight-minute walk from the Keikyu Main Line's and Keikyu Airport Line's Keikyu Kamata Station, and a twelve-minute walk from the JR Line's and Tokyu Line's Kamata Station. It is about seven minutes from Keikyu Kamata Station to Shinagawa Station (by express train), and about 25 minutes to Tokyo Station on the JR Line and other lines (by changing at Shinagawa Station). From Kamata Station, there is a direct train to Tokyo Station, and it is easy to go toward Kawasaki or Yokohama stations as well as Haneda Airport.  There is a concentration of station buildings, administrative buildings, supermarkets, financial institutions, and recreational facilities around Kamata Station. The area between this station and Keikyu Kamata Station has a traditional commercial street with a range of small and middle-sized commercial buildings, creating a certain sized concentration of commercial facilities around Keikyu Kamata Station. Furthermore, the area around the station has been developed as part of an urban plan project to make the area more convenient.  This property is expected to mainly attract single people who give priority to the transportation environment and convenience as well as businessmen who commute to offices around internationalizing Haneda Airport or around Shinagawa Station where many offices are located.

Special features of the property		This property has good access to public transport, located a five-minute walk from the Osaka Municipal Subway Midosuji Line's Esaka Station. Umeda Station, which is about an 11-minute ride from Esaka Station is the business and commercial center of the city. It has excellent transportation to wider areas such as Tokyo or other prefectures, as it is possible to change to the JR Tokaido Shinkansen and Sanyo Shinkansen at Shin Osaka Station which is a four-minute ride away. This property mainly targets demand from corporations which have their headquarters in Tokyo and need convenient and comfortable company housing for those who work in Osaka and are unmarried or living apart from their family. The area around Esaka Station, the closest station to this property, is a popular quarter with many convenient facilities such as commercial centers, financial institutions, medical facilities, and restaurants.

Special features of the property		This property is located a four-minute walk from the JR Yamanote Line's Komagome Station. It takes about fifteen minutes from this station to go to Tokyo Station and Shinjuku Station. It has very good access with public transportation with its proximity to the closest station as well as its convenient access to the city center and possibility to take the Tokyo Metro Namboku Line.  Around the station, there are more than ten different kinds of commercial streets including Komagome Ekimae Commercial street. Also, there are Rikugien and Kyu Furukawa Teien nearby, so it has a rich green environment being in the center of Tokyo.  This property mainly targets single company employees and families who prefer a location that offers a convenient life and good transportation for commuting.

Existence of security interests  Special affairs (Note 6)		(1) Agreements with land owner The owner of the site of this property (referred to as "this site" hereafter), and lessor is Urban Renaissance Agency (referred to as "leaseholds of this property" hereafter) based on a fixed-term lease agreement under Article 22 of the Leased Land and House Lease Law. A summary of the fixed-term lease agreement of this property is as follows.  1. Purpose of the leaseholds: to own properties for management purposes such as rental housing 2. Lease period: from March 31, 2004 to March 30, 2074 (70 years) 3. Rent: 27,518,000 yen per month (see Note) The rent will be revised every reference year of the fixed property tax (normally every three years) by making adjustment with the tax and public dues charged for this site as well as the change in the consumer price index. The rent is also revised according to any change in the amount of tax and public dues charged for this site even if it is not the reference year.  4. Deposit: 1,443,741,000 yen (see Note) The deposit amount will be revised according to the consumer price index every reference year of the fixed property tax (normally every three years).  5. Other (i) The lessee is obliged to return this site to UR in its original state at the end of the lease period. (ii) Through an agreement with all quasi co-owners of these leaseholds, quasi co-owners may offer to receive this site from UR between the first day in the thirtieth year after a conclusion of the fixed-term lease agreement and the year before the end of the lease period. If UR accepts the offer, conditions of transfer such as transfer price, and payment method of transfer fee shall be determined by UR. In selling this site, UR is to actively confirm with the tenants whether they intend to purchase the site. (iii) Without a written acceptance of UR, it is not possible to transfer the leaseholds of this site. It is also not possible to transfer the leaseholds of this site not house the site. (iiii) Without a written acceptance of UR, it is not possible to transfer the leaseh				

Special affairs (Note 6)	(2) Agreement with other tenants  1. In transferring trust beneficiary rights, the trust property which is the co-owned part of this property that NAF plans to acquire (referred to as "these beneficiary rights" hereafter), agreement from the trustee must be obtained as well as the approval of all the other co-owners with regard to the transferee by giving first refusal right to co-owners (refer to beneficiaries of each trust beneficiary right, the trust property of which is the co-owned part of this property).  2. In establishing the right of pledge of these beneficiary rights to a third party other than qualified institutional investors, the approval of the trustee must be obtained as well as the approval of all the other co-owners.  3. In canceling the trust agreement, dismissing or changing the trustee, in approving the transferee and other appropriations in order to transfer these beneficiary rights, and in giving instructions to the trustee with regard to a transfer and other appropriations of the co-owned part of this property which constitutes the trust property, the approval of all the other co-owners must be obtained.  4. In making decisions on the annual business plan, making decisions on a large-scale repair or renewal of a facility, in making a change in the trust policy of a property management company, in changing or dismissing a property management company, in canceling, annulling or ending a contract with a property management company, making decisions on renewal or changing the content of a contract, and in deciding on other important matters regarding this properties, the decision is taken by majority votes with other co-owners of this property, entrust the following operations to an operation manager (currently Mitsui Fudosan Co., Ltd.): proposing an annual business plan created by a property management company, managing and operating this property based on an annual business plan agreed by NAF and other co-owners, following the procedures described in 4, and giving instructions to the truste
Special features of the property	This property has more than one station within walking distance with access to several train lines, located an eight-minute walk from the JR Yamanote Line's and other lines' Tamachi Station and a nine-minute walk from the Toei Asakusa Line's and other lines' Mita Station.  This property is located in Shibaura Island District, which was developed as the first high-rise residential attraction district through collaboration between the government, public, and private sectors. This district has an excellent residential environment surrounded by a canal and as a promenade with green areas designed by the project at its outer circle. This property has a beautiful view from its upper floors, and it is both convenient and close to the city center, as its commercial tower has supermarkets as well as restaurants and public facilities that can be accessed from its residential tower through an internal passage.  This property is expected to attract various tenants such as single people, DINKS households, and families looking for a convenient and comfortable place, as it has various types of accommodation.

	Total number of tenants	1
	Rentable units	270 residential 2 retail etc.
	Rented units	258
Tenant information	Rentable area	17,646.33 m <sup>2</sup>
(Note 7, 8)	Rented area	16,747.28 m <sup>2</sup>
, , , ,	Occupancy rate	94.9%
	Deposit	¥204,859 thousand
	Gross income from rent	Refer to the Attached Document 1, "Summary of the appraisal report on the amount of the properties to be acquired".

- (Note 1) "Acquisition price" denotes the trading value (exclusive of miscellaneous expenses for acquisition, fixed property taxes, urban planning taxes, consumption taxes, and local consumption taxes) specified in the contract for the sale of real estate or sale of real estate trust beneficiary interest sales with condition precedent for the properties to be acquired.
- (Note 2) "Appraisal value" and "date of value appraisal" are based on the real estate appraisal reports prepared with regard to the properties that NAF plans to acquire by Daiwa Real Estate Appraisal Corporation for properties 1–10, and by Morii Appraisal & Investment Consulting Inc. for properties 11–19.
- (Note 3) "Site area" denotes the land area included in the register as of December 31, 2010.
- (Note 4) "Completion date" of the building denotes the date included in the register as of December 31, 2010.
- (Note 5) "Structure/number of stories", "uses", and "gross floor area" are based on the description in the register as of December 31, 2010
- (Note 6) "Special affairs" include issues considered to be important by NAF with consideration of influence on the rights, uses, and appraisal values as well as profits of the properties that NAF plans to acquire as of January 31, 2011.
- (Note 7) Explanation on "details of tenants" (all properties)
  - (i) "Total number of tenants" is entered as 1 if there is a master lease agreement or a bulk lease agreement concluded with a master lease company (even if there is more than one master lease company, the number is entered as 1). With regard to the properties that NAF plans to acquire, a master lease agreement is scheduled to be concluded with Mitusi Fudosan Housing Lease Co., Ltd. as the master lease company for properties 1–10, and with Mitusi Fudosan Housing Lease Co., Ltd. and R.A. Asset Management Inc. as the master lease company for property 19. The "total number of tenants" above is therefore the number of tenants after such a master lease agreement is concluded. With regard to properties 11–18, a fixed term building lease agreement subject to a condition precedent (the condition is the completion of property transfer) has been concluded as of February 10, 2011 with NAF as the lessor and Kyoritsu Maintenance Co., Ltd. as the lessee (and operator), and the total number of tenants is entered as 1 given that this company will complete procedures necessary in order to become a sublessor.
  - (ii) "Rentable units" denotes the number of units that can be rented within the property that NAF plans to acquire.
  - (iii) "Rented units" and "rented area" denote figures as of December 31, 2010 based on the report received by the vendor. However, with regard to properties 11–18, the figures are entered as of the effective date of the fixed term building lease agreement subject to a condition precedent that was concluded February 10, 2011.
  - (iv) "Deposit" denotes the figure as of December 31, 2010 based on the report received by the vendor. However, with regard to properties 11–18, the figure is not disclosed as per the instructions given by the lessee (because it is a lease agreement with fixed rent and deposit).
  - (v) "Rentable area" denotes the total area of the building that can be rented within the property that NAF plans to acquire.
  - (vi) "Occupancy rate" denotes the ratio of the "rented area" against the "rentable area" and the figures are rounded to one decimal place.
- (Note 8) Explanation on "details of tenants" (property 19)
  - "Rentable units", "rented units", "rentable area", "rented area", and "deposit" are calculated by multiplying the figures of total property by 31%, the proportion share of NAF.
- (2) Effect on NAF financial position in the event of inability to execute forward commitments, etc.

Property 19 is applicable to forward commitments (see Note) by investment corporations as provided for in the Comprehensive Guidelines for Supervision of Financial Instruments Business Operators, etc defined by the Financial Services Agency.

In the event of a violation of the terms and conditions of any sales contract related to the above property (the "Sales Contract") made by NAF released on February 10, 2011 or the seller, the opposing party may cancel the Sales Contract and claim, as a penalty, an amount equivalent to 20% of the trading value of the property whose contract was cancelled.

However, the sale of the above property as per the Sales Contract is with condition precedent that the issuing

of investment units of NAF released on February 10, 2011 as special provision is effected by NAF. Therefore, in the event such issuing of the investment units of NAF cannot be effected by NAF, the Sales Contract is definitively invalidated and, NAF, unless when the underlying reasons are attributable to NAF, is not obligated to pay a penalty to the seller concerning the invalidation of the sales contract.

Note: Refers to the postdated sales contract under which payment and delivery shall be made at least one month after the conclusion of the contract, or any other contract similar thereto.

#### (3) Outline of investigations into the state of the building, etc.

(Note 1) The figures with respect to Shibaura Island Air Tower, for Air Tower and Air Terrace respectively, have been computed by multiplying the holding ratio of NAF of 31% to the overall value of the property.

(Note 2) "PML" value is based on a report on earthquake risk diagnosis made by Sumitomo Mitsui Construction Co., Ltd. However, the report on earthquake risk diagnosis only states the views of the outsourced research service provider and does not provide any guarantee of its contents. PML (Probable Maximum Loss) represents the rate of probable maximum loss to be caused by earthquakes. In this case, it means the extent of damage to be caused by one of the biggest earthquakes anticipated to happen within the expected duration of service (the biggest earthquake which happens once every 475 years = 10% chance of a big earthquake happening once every 50 years) represented by the rate (%) of the estimated cost of restoration from the damage to the replacement cost.

#### Profiles of third party investigative body

Trade name	Shimizu Corporation
Head office address	2-3, Shibaura 1-chome, Minato-ku, Tokyo
Representative	Yoichi Miyamoto, President and Representative Director

#### 7. Earthquake resistance matters

Property 4 to Property 10 and Property 15 to Property 18 received a structural calculation conformity judgment pursuant to the Building Standards Act as revised by Act No. 92 of 2006. Air Tower under Property 19 acquired the approval of the Minister of Land, Infrastructure, Transport and Tourism pursuant to the provisions of Article 68-26, Paragraph 1 of the Building Standards Act.

Also regarding other properties (including Air Terrace under Property 19), NAF outsourced the inspection and verification of the details of earthquake-resistant structures including structural calculation sheets and, for corresponding buildings, obtained confirmation that, no falsification is suspected in the structural calculation and structural drawings with respect to their structure, which ensures earthquake resistance as per the Building Standards Act.

In addition, NAF examines earthquake risks during the course of due diligence upon acquisition of properties, from perspectives that are different from those of building certification investigations performed by an inspection and certification agency, by inspecting designs and performing on-site reviews using structural drawings, structural calculation sheets and other information.

#### 8. Outlines of brokerage

Outlines of brokerage for Property 11 to Property 18 are as follows. There is no brokerage involved for other properties.

#### (1) Outlines of brokers

Trade name	Mitsui Fudosan Co., Ltd.
Head office address	1-1, Nihonbashi-Muromachi 2-chome, Chuo-ku, Tokyo
Representative	Hiromichi Iwasa, President and Chief Executive Officer
Description of principal operations	Acquisition, ownership, disposition, lease, subdivision sales and management of real estate and other related operations
Capital	¥174,296 million
Date of establishment	July 15, 1941

Relationships between NAF or the investment trust management company, and the seller				
The seller holds 4.22% of total NAF investment units issued as of August 31,				
2010 and all shares of the investment trust management company.				
As of August 31, 2010, one executive director of NAF and eight employees and				
directors of the investment trust management company (excluding part-time				
directors) are seconded from the seller.				
There are no business relationships to report between NAF or the investment				
trust management company, and the seller, for the period ended August 31,				
2010. Also, there are no business relationships to report between the related				
persons or related companies of NAF or the investment trust management				
company, and the related persons or related companies of the seller.				
The seller does not fall under the category of related parties of NAF. Also, the				
seller is the parent company of the investment trust management company.				

#### (2) Amount of brokerage fee

¥160,000 thousand (excluding consumption tax and local consumption tax.)

#### 9. Transactions with related parties and the like

- (1) Since Mitsui Fudosan Co., Ltd., the seller of Property 1 to Property 10 among the properties scheduled to be acquired by NAF, corresponds to related parties and the like (see Note), the real estate sales contract with condition precedent has been carried out through deliberation and decision by the compliance committee of the investment trust management company and the investment committee, in accordance with NAF's self-established rules on asset management relevant to transactions with related parties and the like.
- (2) Although Shibaura Island Apartments Inc., the seller of Property 19 to NAF, does not correspond to related parties and the like (see Note), silent partnership investment has been received from Mitsui Fudosan Co., Ltd. which is the parent company of the investment trust management company. Meanwhile, Mitsui Fudosan Investment Advisors, Inc., the asset manager of the property, corresponds to related parties and the like (see Note). Therefore, as in (1) above, the real estate sales contract with condition precedent has been carried out through deliberation and decision by the compliance committee of the investment trust management company and the investment committee, in accordance with NAF's self-established rules on asset management relevant to transactions with related parties and the like.
- (3) Since Mitsui Fudosan Co., Ltd., the broker for Property 11 to Property 18, corresponds to related parties and the like (see Note), the brokerage service contract has been carried out through deliberation and decision by the compliance committee of the investment trust management company and the investment committee, in accordance with NAF's self-established rules on asset management relevant to transactions with related parties and the like.
- (4) Mitsui Fudosan Housing Lease Co., Ltd., which is or is scheduled to be the master lease company and property management company for Property 1 to Property 10 and Property 19, corresponds to related parties and the like (see Note). Therefore, the master lease and property management contract will be carried out through deliberation and decision by the compliance committee of the investment trust management company and the investment committee by the planned date of handover for each property to be acquired.

Note:

"Related parties and the like" means related parties and the like of an investment trust management company which has concluded an asset management contract with NAF, as determined in the Order for Enforcement of the Act on Investment Trust and Investment Corporation, Article 123.

#### 10. Outlook for management of the properties after acquisition

As stated in "Notification Concerning Financial Results Forecast for the Periods Ending August 31, 2011 and February 29, 2012" released on February 10, 2011.

- \* The Japanese original document was distributed to press clubs within the Tokyo Stock Exchange (Kabuto Club) and the press club of the Ministry of Land, Infrastructure, Transport and Tourism, and to the press club of construction publications of the Ministry of Land, Infrastructure, Transport and Tourism.

(Note 1) NAF requested real estate appraisals for the properties to be acquired, by Daiwa Real Estate Appraisal Corporation for Property 1 to Property 10, and by Morii Appraisal & Investment Consulting, Inc. for Property 11 to Property 19, based on points to note when appraising real estate from the Act on Securities Investment Trust and Securities Investment Corporations, and based on the Act on Real Estate Appraisal (1963 Law No. 152, including later amendments) and on real estate appraisal standards. The above figures record a summary of the real estate appraisal reports prepared. Each corresponding appraisal valuation is the judgment and opinion of the appraiser at a fixed point in time, with no guarantees as to the validity or accuracy of these reports, nor the possibility of transactions at the appraised values. Yen amounts are rounded down to the nearest thousand yen.

(Note 2) Remarks on the appraisal method for Property 19

- i. According to the property appraisal sheet produced by Morii Appraisal & Investment Consulting, Inc., this property will be built on land leased for a fixed term, and there is accordingly a possibility that the lease on the land will not be renewed at the end of the current contract terms. Alternatively, after the lease expiry, renters or owners of the apartments may be able to buy the land plot, and then become outright owners of the property. In this event, there is uncertainty with regard to forecasting the future land plot value. Because valuation on the basis of single-year net income, or equivalent yield on investment, would be difficult, the direct capitalization method cannot be used'. On this basis of this advice from Morii Appraisal & Investment Consulting, Inc., the 'direct capitalization price' and the 'direct capitalization yield' are not listed.
- ii. The 'appraisal value (specific price)' item is calculated as equivalent to 31% of the value of the holdings of the investment company. Apart from this item, all items indicate the full value of the property, and items in the appraisal sheet indicate average values across the reporting period, as calculated using the DCF method.

Grand to	otal		217,661	100.0

<sup>(</sup>Note 1) The 'Price of (planned) acquisition' item does not include anticipated acquisition expenses, fixed property taxes, urban planning taxes, consumption taxes or local consumption taxes.

<sup>(</sup>Note 2) The 'Portfolio share' item indicates the percentage contribution of each property holding to the 'Price of (planned) acquisition' item. The percentage figure is rounded off to two decimal places.

<sup>(</sup>Note 3) "Greater Tokyo" indicates Tokyo metropolis (excluding Tokyo's 23 wards), and the 3 prefectures of Kanagawa, Saitama and Chiba.

<sup>(</sup>Note 4) "Other major cities" indicates the regional core cities designated by government ordinance.
